

VE Scaventure Hunt!

An exciting way to explore the city's most iconic business landmarks including the New York Stock Exchange and The Charging Bull at Wall Street! In teams of 3-6 people, check off as many sites as possible on the VE Scaventure Hunt list. Take a selfie with your entire group in front of an identifiable portion of each location as proof and present your photos when you check-in at the Future of Work networking event. Points will be awarded for each location and winners will receive prizes on Wednesday evening. Facilitators can work together to discover the rich history of the Financial District and experience the diverse culture of New York City!
