

Virtual Enterprises International is a world-class, internationally-recognized program transforming the lives of young people by providing authentic business experiences in a learning environment that empowers them to develop the skills necessary for fulfilling, financially secure futures.

VE provides high school and middle school students with meaningful skills-based career experiences. Through our hands-on, task-based curricula, students test drive potential careers and develop in-demand skills employers are seeking.

By managing the day-to-day operations of a company, students identify career pathways that align with their interests, talents, and aspirations. Learn more at veinternational.org or follow us on Instagram and Twitter @veinternational

Students learn business by doing business
